Meeting on Leaflet (Making Reference to Supervision Plan in Auditing SMS)

A meeting was held between the representatives of SASA (Y.Y.Wong, Steve Chan, T.C. Man, HKOSHA (Ivan Lam, C.Y. Yeung and Daron Leung) and Labour Department (S.H. Cho and K.L Pang) at Harbour Building on 7th September, 2006 in respect of the recent leaflet issued by the Labour Department.

The officers of the Labour Department confirmed that the leaflet was only of an advisory nature and there was no intention of requiring auditors to attend any particular training courses on engineering construction, nor to include the supervision plan into their audit reports. The Labour Department was aware of our concern on the matter and has agreed to arrange with safety organizations seminars to explain their views to safety auditors and safety officers. They have also agreed to arrange regular periodical meeting with the joint safety organizations, namely, JLGOSH, to enhance dialogue and communications.
