

The New Executive Council

The New Executive Council of the Society was elected in the AGM on 19th May 2000. The official bearers are:

President : Mr. Daron W K Leung
Vice President : Mr. C Y Yeung
Hon. Secretary : Mr. James W K Wong
Hon. Treasurer : Mr. Danny C W Tong
EC Member : Mr. T C Man
EC Member : Mr. Francis W K Sin

We look forward to a year of vitality and innovation under the leadership of these young and energetic leaders.

The EC will hold monthly meetings on the 3rd Thursday of every month at 7:00 p.m. in room W502D, Polytechnic University. The next one is 15th June 2000. All members are welcome to join and offer their views.

New ISAS disk from OSHC

The OSHC has informed that the new ISAS disk under version 2.8 can now be used on faster computers. May be you can dig your Pentium III from under your bed and use it now!

However, there are no additional printer drivers installed. Please ensure that your printer type appears in the "select printer" dialogue of the module. Otherwise you may end up with a funny report.

Draft Code of Practice on Safety Management

The Labour Department has issued a draft code of practice on Safety Management and is now seeking comment from the industry. The Joint Liaison Group of Occupational Safety & Health (JLGOSH) is organizing an open forum to collect feedback from safety practitioners. Brief information are:

Date : 10th June 2000, Saturday
Time : 2:00 p.m. – 6:00 p.m.
Venue : HK Polytechnic University
Fee : Free

Please go to our webpage for more details. You can also download a copy of the Code of Practice from the Member Download area on our website.

Registration of Registered Safety Auditors

The Government has announced in Gazette that registration of Registered Safety Auditor under the F&IU(Safety Management) Regulations will come into effect on 19 June 2000. Members and auditors who meet the registration criteria can then apply to be registered as Registered Safety Auditor under the new regulations.

OHSAS 18001

The market is quite aroused by the introduction of OHSAS 18001. Many organizations are interested in getting OHSAS 18001 certification. There are a number of certification bodies and they need experienced safety auditors to conduct the audit on their behalf. A few auditor members have attended the OHSAS 18001 training course and are in the process of being registered with BSI to be the auditors for certification.

The Society is having close liaison with BSI and will keep you informed of developments
